

The REASON we RIDE

The TFS Board of Trustees established the Twin Rivers Challenge to fund scholarships for motivated young students.

Founded in 1909, Tallulah Falls School is a nationally recognized college preparatory school that is home to more than 500 students in grades five through 12. TFS students hail from Georgia, across the United States, and from 17 countries around the world.

Many students in our community could not afford to attend Tallulah Falls School without substantial financial assistance. In fact, more than 70% of TFS students receive some portion of financial aid. TFS is at the forefront nationally in providing financial support. For the 2018-19 academic year TFS awarded more than \$4 million to deserving students.

The TFS Board of Trustees established the Twin Rivers Challenge to fund scholarships for motivated young students.

Ride day is a team effort as the entire Tallulah Falls School community collaborates to stage this dynamic event. Coaches and players serve at support stops and faculty and staff members are joined by board members, parents and community volunteers to assist with logistics and support functions.

Join us as a sponsor of the fifth annual Twin Rivers Challenge cycling event as we raise funds to continue our school's legacy of success.
